Tractor Mounted Sprayer

The close coupled, slim design of this mounted sprayer provides a compact machine for three point linkage mounting.

Features

- **1000 litre tank**
- **Six cylinder diaphragm pump**
- **Maximiser Boom Section Controls Agitation System**
- **Electric ball valve, four section spray control**
- **In cab pressure control**
- **Chemical induction hopper**
- **Constant spray pressure regulator**
- **Combined hand wash tank with clothing locker**
- **Modular clean water tank**
- **Internal tank cleaning jets**
- **Simple hitching system**
- **Demount Legs**

1000 Litre 16m	£15,296.00
1000 Litre 18m	£17,596.00
1000 Litre 20m	£17,911.00
1000 Litre 24m	£21,119.00

800 litre front tank	£ 4,006.00
1000 litre front tank	£ 4,551.00
1200 litre front tank	£ 4,870.00

Popular Options

Triple Nozzles (each)	£ 18.00
1200 Litre tank	£545.00
Muller Eco Controller	£2,404.00
Auto Level Control	£1,351.00
Fast Fill point for bowser	£260.00
Hydraulic boom levelling	£489.00 (Std on 24m)
Diverter Valve	£581.00
Hopper Transfer Valve to Front tank	£428.00
Front Tank connection to rear tank	£80.00
In field wash down kit	£677.00
4 Section Electro-Hydraulics	£2,325.00

ES Trailed Sprayer

The "ES" series trailed sprayer is available with booms up to 24m and tank sizes of 2500 and 3000 litres. This sprayer comes complete with the universal tracking drawbar system. The dual damping system offers good stability where field contours are not excessive.

Features

- *Aeon Suspension*
- *Road Lights*
- *Brakes*
- *Six cylinder diaphragm pump*
- *MAXIMISERBOOM SECTION CONTROLS Agitation*
- *Electric ball valve, four section spray control*
- *In cab pressure control*
- *Chemical induction hopper*
- *Constant spray pressure regulator*
- *Combined hand wash tank with clothing locker*
- *Modular clean water tank*
- *Internal tank cleaning jets*
- *Dual damping on tracking drawbar*

2500 Litre 18m	£28,308.00
2500 Litre 20m	£28,622.00
2500 Litre 24m	£31,831.00

Popular Options

Rigid Drawbar (Deduct)	£1,420.00
Triple Nozzles (each)	£ 18.00
Muller Eco Controller	£2,404.00
Auto Level Control	£1,351.00
Fast Fill point for bowser	£260.00
Hydraulic boom levelling	£489.00 (Std on 24m)
Diverter Valve	£581.00
In field wash down kit	£677.00

EU Trailed Sprayer

The "EU" Series trailed sprayer is available with booms up to 30m and tank sizes of 2500, 3000, and 3600 litres. This sprayer has been designed to give optimum weight balance at these larger capacities. Hydraulic steering and electronic tracking are standard features and give this machine unrivalled versatility.

Features

- *Aeon Suspension*
- *Road Lights*
- *Brakes*
- *Six cylinder diaphragm pump*
- *Electric ball valve, four section spray control*
- *MAXIMISER BOOM SECTION CONTROLS*
- *In cab pressure control*
- *Chemical induction hopper*
- *Constant spray pressure regulator*
- *Combined hand wash tank with clothing locker*
- *Modular clean water tank*
- *Internal tank cleaning jets*
- *Electro-Hydraulics*
- *Fully automatic steering*

3000 Litre 24m (4 Series boom)	£35,669.00
3000 Litre 28m (4 Series boom)	£38,404.00

Popular Options

Triple Nozzles (each)	£ 18.00
Muller Eco Controller	£2,404.00
Auto Level Control	£1,351.00
Fast Fill point for bowser	£260.00
Hydraulic boom levelling	£489.00 (Std on 24m)
Diverter Valve	£581.00
In field wash down kit	£677.00

ASA Trailed Sprayer

The "ASA" trailed sprayer is available in boom widths up to 36 metres and tank sizes of 3000, & 3800 Litres. This sprayer has been designed to give the best possible turning circle with maximum stability due to steering axles. This sprayer is easier to handle (reverse) than steering drawbars, and is standard with electronic steering and hillside correction.

Features

- **Progressive Rubber Block Aeon Suspension**
- **Road Lights**
- **Brakes**
- **Six cylinder diaphragm pump**
- **MAXIMISERBOOM SECTION CONTROLS Agitation**
- **Electric ball valve, four section spray control**
- **In cab pressure control**
- **Chemical induction hopper**
- **Constant spray pressure regulator**
- **Combined hand wash tank with clothing locker**
- **Modular clean water tank**
- **Internal tank cleaning jets**
- **Electro-Hydraulics**
- **Automatic Steering Axle**

3800 Litre 24m	£36,946.00
3800 Litre 12/24/32 (Tri-Fold Boom)	£42,077.00
3800 Litre 28m (12/24/36 (Tri-Fold Boom)	£43,254.00

Popular Trailed Sprayer Options

Triple Nozzles (each)	£ 18.00
Muller Eco Controller	£2,404.00
Auto Level Control	£1,351.00
Fast Fill point for bowser	£260.00
Hydraulic boom levelling	£489.00 (Std on 24m)
Diverter Valve	£581.00
In field wash down kit	£677.00
24m "4" Series Boom	£1,888.00
400 Lm Pump	£386.00

ATLAS Self Propelled Sprayer

The "ATLAS" Self Propelled Sprayer comes as standard with 174 Hp Perkins 6 Cylinder Engine, Full Poclain Hydrostatic System, Dual Speed Motors (40 Kph Road Speed), Active Air Suspension with manual override, and tank capacities from 2000 to 3500 Litres, 11.2R32 Wheels, Selectable 2 & 4 Wheel Steering, Magic Box 2 (Airtec® only) or Delta 34 flow based controller

Features

- *Air Suspension System*
- *Road Lights*
- *Six cylinder diaphragm pump*
- *Electric ball valve, four section spray control*
- *In cab pressure control*
- *Chemical induction hopper*
- *Constant spray pressure regulator*
- *Combined hand wash tank with clothing locker*
- *Internal clean water tank*
- *Internal tank cleaning jets*
- *4 Wheel Steering*
- *Remote PTO*
- *Remote Throttle*
- *8 Work Lights*
- *Multi Function Joystick*
- *Low Volume Plumbing System*

These machines are custom built to your specification a typical on farm price for a 3500 Lt 24m 174 HP sprayer would be **£79,950**.

Popular Options

24m Airtec Includes Twin PTO & Magic Box 2	£9,378.00
Other Airtec Boom Widths	POA
3500 Litre Tank	POA
Triple Nozzles (each)	£18.00
In field wash down kit	£677.00
Fast Fill For Bowser	£260.00
Flotation Wheels	POA
Boom Options Up to 36m	POA

JCB Fastrac Demount Sprayer

Popular because of its compact design and low folding height, this demount will turn a Fastrac into a versatile self propelled spraying unit.

Features

- **2000 litre stainless steel tank**
- **Six cylinder diaphragm pump**
- **Electric ball valve, four section spray control**
- **In cab pressure control**
- **Chemical induction hopper**
- **Constant spray pressure regulator**
- **Maximiser Boom Section Controls Agitation**
- **Combined hand wash tank with clothing locker**
- **Modular clean water tank**
- **Internal tank cleaning jets**
- **Simple hitching system**
- **Demount Legs**

2000 Litre 20m	£25,242.00
2000 Litre 24m	£28,450.00
1000 litre front tank	£ 4,551.00 (Fitted)
1200 litre front tank	£ 4,870.00 (Fitted)

Popular Options

Triple Nozzles (each)	£ 18.00
Muller Eco Controller	£2,404.00
Auto Level Control	£1,351.00
Fast Fill point for bowser	£260.00
Hydraulic boom levelling	£489.00 (Std on 24m)
Diverter Valve	£581.00
Hopper Transfer Valve to Front tank	£428.00
Front Tank connection to rear tank	£80.00
In field wash down kit	£677.00
4 Section Electro-Hydraulics	£2,325.00

Multi Drive Demount Sprayer

Available with tank sizes up to 3000 litres and boom widths up to 30m, the Multi-drive demount is a high capacity machine for large farms and contractors

Features

- **2500 litre tank**
- **Six cylinder diaphragm pump**
- **Electric ball valve, four section spray control**
- **MAXIMISER BOOM SECTION CONTROLS**
- **In cab pressure control**
- **Chemical induction hopper**
- **Constant spray pressure regulator**
- **Combined hand wash tank with clothing locker**
- **Modular clean water tank**
- **Internal tank cleaning jets**
- **Simple hitching system**
- **Demount Legs**

2500 Litre 20m	£24,503.00
2500 Litre 24m	£27,712.00
2500 Litre 12/24/32 Tri-Fold boom	£32,322.00
2500 Litre 12/24/36 Tri-fold boom	£33,499.00
4000 Litre (Challenger 24m)	£35,647.00

Popular Options

Triple Nozzles (each)	£ 18.00
Muller Eco Controller	£2,404.00
Auto Level Control	£1,351.00
Fast Fill point for bowser	£260.00
Hydraulic boom levelling	£489.00 (Std on 24m)
Diverter Valve	£581.00
In field wash down kit	£677.00
4 Section Electro-Hydraulics	£2,325.00
24m "4" Series Boom	£1,888.00
400 Lm Pump	£386.00

Airtec® System

The Airtec® system combines air & water at the nozzle to produce spray qualities from very fine through to extra coarse (LERAP 3 Star) and gives the following advantages.

Features

- ⇒ *Reduced Water Rates (Typically 75 Litres per hectare)*
- ⇒ *Increased Work Rates*
- ⇒ *Good Drift Control*
- ⇒ *Improved crop penetration*
- ⇒ *More efficient use of chemical*
- ⇒ *No blocked nozzles*

Airtec® 16m	£5,635.00
Airtec® 18m	£6,037.00
Airtec® 20m	£6,441.00
Airtec® 24m	£7,248.00
Airtec® 28m	£8,518.00
Airtec® 30m	£8,983.00

Triple nozzles for Airtec®	£30.00
Airtec® Quality Controller	£1,963.00
Airtec® Magic Box	£2,664.00

Add standard twin line price for a machine with conventional and Airtec® system combined. You may wish to order this option if you use liquid fertiliser.

Twin Spraylines

Twin spray lines can be fitted to most sprayers. The price includes single nozzle bodies with caps and tips.

16m Boom	£1,450.00
18m Boom	£1,554.00
20m Boom	£1,657.00
24m Boom	£1,865.00
28m Boom	£2,058.00
30m Boom	£2,174.00
32m Boom	£2,292.00
36m Boom	£2,523.00

Airtec® Kits

Airtec® kits can be fitted to most makes of sprayer. Please note the prices shown below are guide prices only and cover only the Airtec® Components and an Airtec® Quality Controller. They do not allow for fitting or any changes that may be required to the sprayers drive system or PTO.

16m Boom	£4,621.00
18m Boom	£4,821.00
20m Boom	£5,048.00
24m Boom	£5,401.00
28m Boom	£5,853.00
30m Boom	£6,959.00

Agroco Liquid Fertiliser Nozzles

Agroco liquid fertiliser nozzles fit neatly onto a single or multi head jet body and do not interfere with Cleanacres, or most other manufactures boom folding. They are robust, and self aligning, and due to their design are less likely to scorch the crop. Application rates are from 75 - 1300 litres per hectare depending upon cap and disc combination.

Agroco Nozzle complete with three discs, cap & seal £9.50 (each)

Pony Flow Filling Flow Meter

The pony flow filling flow meter can be fitted to the self fill or bowser fill port of any sprayer. This simple instrument gives an accurate measure of water in the tank. It is particularly useful when only part loads are required, or spraying with low volume systems such as Airtec®.

Pony flow filling flow meter complete with couplings £385.00

General Options

Variable geometry 4 series boom	£1,239.00
Variable geometry Gullwing boom	£1,358.00
12m folding on 18/20 Gullwing boom	£893.00
Hydraulic outer fold Gullwing boom	£1055.00
GPS Boutmarker	£995.00
Fast fill point for bowser	£262.00
400 Lm 6 diaphragm pump	£386.00
Centrifugal fast fill pump & plumbing	POA
In field wash down kit	£677.00
Additional Boom Sections Conventional	£310.00
Additional Boom Section Airtec	£422.00

Electro- Hydraulic Options

4 section spool bank	£2,325.00
5 section spool bank	£2,585.00
6 section spool bank	£2,845.00

Controller Options

Cleanacres Quality Controller	£1,963.00
Delta 3 Flow based Controller	£2,167.00
Cleanacres Magic Box (Conventional)	£2,167.00
Cleanacres Magic Box 2 (Pro series)	£2,664.00
Muller Eco Controller & Auto Levelling	£3,755.00
